WELCOME TO TORTUGA

Tortuga, as a Florida condominium, is governed by Florida State Law (including the State's Condominium Law, Chapter 718), The Tortuga Declaration of Condominium and By-Laws in accordance with Article 3.2 of the Articles of Incorporation, and the Tortuga rules, policies and guidelines adopted by the Tortuga Board.

Condominium living can be a very pleasant experience, provided all residents abide by the rules and guidelines and are considerate of their neighbors.

The philosophy of living in a residential community includes respect for the person and the property of others, and for the common facilities shared by all.

Please do your part by reading and complying with these guidelines, rules and regulations and thereby contribute to successful and harmonious living at Tortuga.

Office hours are Mon-Fri 9am to 3pm. Telephone 941-349-6776.

Registration book is available in the main lobby during office hours.

2. Pick up your parking pass.

Upon Departure

1. Sign out on front office registry
2. If renting, please ensure that you check with owner about closing procedures.

- Owners allowing visitors and guests to use their units should always advise the Association Office in advance of arrivals, authorizing occupancy of their units. Owners must provide necessary keys to visitors.
- Overnight guests must also register upon arrival and remember to sign out. This is an important part of Tortuga's fire and safety protocol. The Tortuga office needs to know how many are in residence in case of any emergency
- All residents must also sign out at the conclusion of their stay.

PARKING

Each unit owner who has their vehicle at Tortuga is issued a numbered Tortuga parking permit that needs to be affixed to the driver side windshield of their vehicle regardless if it is parked in their assigned garage space or designated parking spaces adjacent to the building, or in front of building A.

Parking permits are issued by the Tortuga Management and are valid for the lifetime of the permit or until the permit is revoked and replaced with a new issue.

Upon request to the Tortuga Manager, unit owners will be assigned **2** numbered colored guest parking passes that expire on Dec. 31st each year.

Unit owners may request additional guests passes to accommodate a particular occasion/event they may be hosting. The property management is authorized to issue 2 single use passes that will be valid for one day. An owner who feels they need more than the approved amount will need to get board approval.

- Cars parked overnight must display a Tortuga sticker or temporary parking pass.
- Recreational vehicles are prohibited from parking on Tortuga property at any time.
- Garage parking is for Tortuga residents only unless it is relinquished to their renter.
- No parking of vehicles, boats, or other objects in any garage space without permission of the owner to whom the space is assigned. Owners need Board permission for other than car/motorbike.
- Vehicle(s), boats, jet skis, kayaks, storage units etc. parked in any one parking space may not extend over the boundaries of the parking space.
- Not more than ONE vehicle or one boat may be parked in any one parking space at any time.

- **Cars Remaining on Property During Extended Absences:** Owners must supply Manager with an extra set of keys for any car or other vehicle (boat, etc.) left on the property.
- **Garage Door Opener:** Each unit is supplied with an automatic garage door opener which only provides access to the garage in the building where your unit is located. The openers can be replaced at the Office for \$35.

AUTOMATIC ENTRY INTERCOM SYSTEM

There is an intercom system outside each building, located by each lobby entry door, where your guests, deliveries or vendors may call so you can provide them access remotely. Stop at the office to be set up in the system with any phone number you wish to use.

Once you are set up in the system, relay these instructions to your guests, deliveries, or vendors:

1. Press the down arrow button on the call pad to find your unit number. 2.

Press the "Call" button

Once you answer the call, press "1" on your phone to allow entry. Caller ID will show as (941) 554-9259 or "NET AUTH RETAIL". We recommend you save this number in your phone contacts as Lobby Access.

- Exterior doors to buildings, including the door to the pool that leads to the elevator in Building A, garage doors and doors to common areas are to be closed and locked at all times. Each resident has a master key that opens all exterior doors. A Fob can also be used on some exterior doors, **or key pad with code**.
- Persons desiring to enter any of the buildings must have a FOB for the lobby doors or be admitted by the office or the party they wish to visit via the Intercom System.
- Persons entering with a FOB or those leaving the buildings are NOT to admit any strangers. Guests, service, and delivery people should be instructed to either phone the unit or go up to the main office for entry.
- Solicitors are not permitted in the building.
- Please ensure that you ask all workers that may have access to your unit to comply. Contractors must not leave doors propped open.
- Most delivery services such as Amazon, etc. usually drop any packages by the post office boxes in your building lobby so it is wise to check that area for any expected deliveries.

<https://www.tortugabeach.org/rules-and-regulations>

Elevators, Walkways and Courtyard

Please keep all entry and walkways secure and free of obstacles. The staircases at both ends of the building are fire exits. Nothing may be stored in these areas by order of the Fire Department. Fire code also requires the stairway and trash rooms to remain closed at all times.

Do not place planters, pots, etc. on the walkways. This is an access way to fire exits and must not be obstructed.

When moving major furniture or appliances, please make use of the provided elevator pads and install in the elevator to avoid scratches and damage. After use, the pads must be removed and put back in the garage area marked "Elevator Pads" or in Laundry Rooms.

Roller blades, bicycles, roller skates and skateboards are not permitted on the building walkways or lobby area.

No Baseball, Football, or other similar games, and no loud or boisterous activities, are allowed in the courtyard or other common areas at any time.

No Towels, clothing or other items can be hung on the railings at any time.

Do not store beach chairs or any items on walkways.

Trash And Recycling

Trash chutes for household waste are located at the end of each floor except for the 6th floor units, they must use trash chutes on another level. All trash must be bagged and tied. NO LOOSE ITEMS are allowed.

⚠ Do not use trash chutes on Thursday mornings between 8:00 am and noon as bins are moved to the road for collection.

Recycling

Tortuga strongly supports Sarasota County's recycling program. Basic materials to recycle are paper, cardboard, glass, metal, or plastic products. Thoroughly rinse recycled items of any food to eliminate strong odors and vermin.

Recycling bins are in each garage. Please follow disposal instructions posted on the outside of each lid, remembering to collapse all boxes. Recycling pickup day is weekly on WEDNESDAY.

Most grocery stores in the area have special bins to dispose your used plastic bags and Styrofoam.

⚠ Styrofoam and plastic bags **cannot be recycled**. Garbage staff will not empty our bins if they contain plastic bags. **Please breakdown card board boxes before putting in recycle bins.**

Smoking

Smoking of any kind, including vaping, is prohibited in all common areas inside and out, including the walkways. Smoking, however, is allowed outside, and must occur at least 25 feet from any structure.

Pets

Pets of any kind are strictly prohibited on Tortuga property. It is also important to note that Sarasota County prohibits pets of any kind on the beach, and local Sheriffs strictly enforce this ordinance.

Noise

Residents are prohibited from making loud noises (TV, radio, speaking loudly) or any other activity that might disturb others at any time. Use of felt pads or carpets under furniture with wood, vinyl, tile flooring is strongly encouraged

Please be courteous and respectful of your neighbors, especially when in public areas and remember, when lanai doors are open, it is all too easy to listen to your conversations. Sound carries.

Condo Bathrooms

Recently, Tortuga has had excessive plumbing bills due to clogged drains caused by carelessness. This is not only an inconvenience with water being shut off to several units during repairs, but it is also extremely costly.

➤ Other than toilet paper and human waste, it is critical that you DO NOT flush anything down the toilet. This includes baby wipes, personal wipes, diapers, or paper towels. Including “flushable” wipes or feminine pads of any kind.

Kitchen Drains

When using the kitchen waste disposal, please be extremely careful. The drains, now almost fifty years old, cannot handle excessive amounts of food. Ideally, please bag most food waste (both pre-meal preparations and post meal extras) and use trash chutes. (Celery, carrots, potato peelings, egg shells, banana peels, ect are particularly problematic and should not be put down the disposal).

Water Heaters And Dishwashers-WATER DAMAGE IS THE #1 PROBLEM AFFECTING ALL UNITS!

Water Heaters

Renters: please check with the unit owner for further instructions.

Owners: To turn water and water heater on: At breaker panel, flip the switch(es) in fuse box to the “on” position and turn both (2) handles on top of water heater.

To turn water and water heater off: Reverse steps for turning water and water heater on, remembering to turn off the electricity to the hot water tank at the breaker panel.

Dishwashers

On your departure and when vacating a unit, do not leave the dishwasher running! Malfunctions can and do occur, and not only flood your unit, but it could also affect the units below.

➤ Tip: to avoid potential mold, it is also wise, upon departure, to leave the dishwasher slightly ajar by leaving the door propped open with a dish towel, etc.

Unoccupied Units

If a unit is to be unoccupied for more than three (3) days, the main water valves must be turned off and electricity to the hot water tank must be turned off at the breaker panel as instructed on page 12, *Water Heaters*. It is recommended that unoccupied units be checked regularly. you may also wish to check with your insurance company to confirm that you are in compliance with their policies as it relates to unoccupied units.

Entry may be necessary for maintenance, pest control or repair of common areas. The association also has immediate access in the event of an emergency to prevent damage to other areas and maintains a secure master key that accesses all units for such purposes.

☞ No owner may change or otherwise alter locks on any door without first informing the Manager.

Storage

Do not drape clothing or towels on the outside of a building or building walkway, railing, or in any place visible to the outside of a building. Bicycles, furniture or other objects or materials are prohibited from being stored on any walkways or in any open areas.
